

Music Production 101

Music Production 101 is a music recording and audio production program that sets the industry standard for an intensely creative learning experience. This program is extremely hands-on and focused tightly on the skills that truly matter. Music Production 101 is a great

Street Scholar—
Producer, Songwriter,
Engineer, Artist Coach

program for anyone who wishes to pursue a career in music recording and audio production. The training is intensive, but classes are taught in a friendly and relaxed manner. In our studios, students work in small groups of 3 or 6. Our staff is dedicated to making education at MP101 unsurpassed. This talented group of producers, engineers, songwriters and vocalists is focused on building creative minds for our leaders of tomorrow.

Next Generation Academy INC. Presents Music Production 101

*Building Creative Minds for our
Leaders of tomorrow.*

Audio Engineering/Production

Tel: 256-694-5765

Objective

Our primary goal for MP101 is to be an alternative for the arts in public/private/charter schools when funding is no longer prevalent. We believe that the most influential people in the world today are creative. They are creative in their respective industry where they thrive for excellence. Our objective is clear to build creative minds, fundamental skills, develop passion and desire, cultivate talent, mentor and provide real world experiences.

Guitar booth.

Levels of Entry

MP101 accepts all students with little or no prior knowledge of the production/recording arts. The staff takes pride into teaching, developing and cultivating each students talent and skill level. There are three levels that a potential student can enter the program.

The first level is the Novice level where they will learn

Production Suite B.

common practices, terminology to set a foundation for what is to follow after completion. The second level is the Gold which just build upon the knowledge of the Novice level giving them projects and task to complete at this level. The third level is the Platinnimum level this is all

project based and independent work. The Platinnimum level they will be working with real clients and obtaining real-world experience in the studio setting.

Studio multi-purpose vocal booth.
